

## ***Cookies Policy***

### **What's a cookie?**

A "cookie" is a small file that is stored on your computer's hard drive and which records your navigation of a website (if you allow) so that, when you revisit that website, it can present tailored options based on the information stored about your last visit. Cookies can also be used to analyse traffic and for advertising and marketing purposes. Cookies are used by nearly all websites and do not harm your system. If you want to check or change what types of cookies you accept, this can usually be altered within your browser settings.

### **What type of cookies does the site use?**

**Session cookies:** Necessary cookies help make a website usable by enabling basic functions like page navigation and access to secure areas of the website. The website cannot function properly without these cookies. The legal basis for the session cookies is the data processor lawful interest.

More information about cookies, including how to manage and delete cookies, at <http://www.allaboutCookies.org/> or, if you live in the European Union, you can read more at <https://ico.org.uk/for-the-public/online/Cookies/> page.
